

**GOVERNMENT OF TELANGANA
ABSTRACT**

Labour, Employment, Training and Factories Department – Boilers Department – Business Reform Action Plan, 2019 & 2020 – Introduction of Third-Party Inspection & Certification for Installed Boilers for use in the Telangana State by Boiler Operation Engineer (BOE) to improve Ease of Doing Business in the State – Notification – Orders – Issued.

LABOUR EMPLOYMENT TRAINING & FACTORIES (LAB-I) DEPARTMENT

G.O.Ms.No. 27

Dated: 07-11-2020.

Read the following:-

1. Business Reform Action Plan for the year 2019 & 2020 circulated by Department of Industrial Policy and Promotion, Government of India.
2. G.O.Ms.No.11, LET&F (Lab) Department, dated: 07.03.2019.
3. From the Director of Boilers, Telangana, Hyderabad,
Lr.No.A1/5401/2020, Dated: 06.10.2020.

ORDER:-

The Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India, New Delhi has communicated the Business Reform Action Plan, 2019 & 2020 first read above and recommended the reforms, to introduce a provision for third-party inspection & certification for installed boilers for use under sub-section (3) of section 34 of the Boilers Act, 1923 by Boilers Operation Engineer (BOE) to improve Ease of Doing Business in the State of Telangana.

2. In the circumstances reported by the Director of Boilers, Telangana, Hyderabad in his letter 3rd read above, the Government has decided to suppress the orders issued vide G.O. 2nd read above and to issue new orders for rapid industrialization in Telangana State, with the provision of Third-Party Inspection & Certification for installed Boilers for use in Telangana State by Boiler Operation Engineer (BOE) with certain qualifications as recommended by the Department of Industrial Policy and Promotion Business Reform Action Plan, 2019 & 2020.
3. Accordingly, the following Notification will be published in the Extraordinary Issue of the Telangana Gazette, Dated: 10.11.2020:

NOTIFICATION

In exercise of the powers conferred by sub-section (3) of section 34 of the Boilers Act, 1923 (Central Act No.5 of 1923), the Government of Telangana hereby introduce the Third-party inspection and certification for installed boilers or which will be installed in future for use in the Telangana State by granting exemption from the operation of sub-sections (3),(4),(5) & (6) of section 8 of the Boilers Act, 1923, by authorizing the Boiler Operation Engineer (BOE) under the Boiler Operation Engineers Rules, 2011 having the following qualification duly superseding the orders issued in G.O.Ms.No.11, Labour, Employment, Training and Factories Department (Lab) Department, dated: 07.03.2019:-

- (a) Graduate in Mechanical / Production / Power Plant / Metallurgical engineering from a recognized institution.
- (b) Minimum 5 years of experience in the field related to boilers.

to inspect the boilers and issue a certificate for such period as prescribed by regulations subject to the procedure and conditions prescribed here under namely:-

- 1) When a certificate for use of the installed boiler ceases to be in force the owner of boiler shall apply for the Renewal of Boiler Certificate at least (15) days before expiry of certificate through TS-iPASS (or)

www.tsboilers.cgg.gov.in website by selecting the Boiler Operation Engineer (BOE) from the list available in the application. The management has to pay Rs.1000/- upto 200M² Rating Boilers and above 200M² Rating Boilers 25% of the Boiler Renewal fee as per Annexure-II for the processing of the Application of the Boilers Department.

- 2) On receipt of an application, the Boiler Operation Engineer shall inspect the said boiler within (15) days from the date of the receipt in such manner as prescribed by Indian Boiler Regulations, 1950(IBR).
- 3) After the completion of boiler inspection, the Boiler Operation Engineer shall login to www.tsboilers.cgg.gov.in website with his user id and password and shall fill the online inspection report.
 - (a) If he satisfied that the boiler and the boiler components attached thereto are in good condition he shall generate the online certificate for such period as prescribed by the Indian Boiler Regulations, 1950. After generation of the online certificate, the Boiler Operation Engineer shall sign the certificate either physically or digitally and same should be uploaded in the website.
 - (b) If he has not satisfied that the condition of the boiler or boiler component, or both does not confirm to the standards prescribed by regulations, he should refuse to issue such certificate and shall issue a notice with the reasons recorded in writing as per Annexure-I and the same shall be uploaded in the website that the boiler is not fit for use further, following which the owner of the Boiler shall immediately stop the operation of the Boiler.

After that the Boiler Operation Engineer shall within forty – eight hours of making the inspection, inform the owner of the boiler in writing that the repairs to be carried out and the same shall be uploaded in the website.

- 4) In case of repairs, the owner of boiler has to follow section 4F of the Boilers Act, 1923 and Regulations 392 & 392A of the Indian Boiler Regulations, 1950 and Rules framed thereunder. After completion of the boiler repair, the boiler shall be re-inspected by the Boiler Operation Engineer and the Boiler Operation Engineer shall follow the same procedure as prescribed in serial No.(3) above.
- 5) In order to take the Aging effect on Boilers, Boiler Operation Engineer shall follow Regulation 391 A of Indian Boiler Regulations, 1950 while giving inspection report and while issuing certificate. If any change in working pressure of boiler is required as per Indian Boiler Regulations, 1950, then the Certificate of Boiler shall be submitted for counter signature to the Director of Boilers, Telangana State, Hyderabad.
- 6) If any accident occurs to Boiler or connected boiler component, the owner or person in charge of boiler shall report the same in writing to the concerned Boiler Inspector within 24 hours of the accident as per the provisions of the Boilers Act, 1923 and Rules & Regulations framed under the Act.
- 7) It will be the responsibility of the Owner of the Boiler to run and maintain the Boiler as per provisions of the Boilers Act, 1923 and rules & regulations framed thereunder. Owner shall also be responsible for any violation of the provisions of the said Act, rules and regulations framed thereunder and liable for punishment as per the provisions of the Boilers Act, 1923.

:: 3 ::

- 8) The Boiler Operation Engineer shall follow the provisions of the Boilers Act, 1923, Rules & Regulations framed thereunder for inspection and certification of installed boilers. He shall be responsible for any act of omission committed against the provisions of the said Act, Rules & Regulations and liable for punishment as per the provisions of the Boilers Act, 1923.
- 9) This notification shall be applicable to such boilers having the safe guard system for protection against over pressure, low water level, flame failure, etc., for prevention of accidents as per the provisions of the Boilers Act, 1923, Rules and Regulations framed thereunder.
- 10) This Third-Party Inspection & Certification of installed boilers is optional for owner of Boiler. Boiler owner can apply either to Boiler Operation Engineer as per this Notification or to the Telangana Government Boiler Inspector or to competent person as per Indian Boiler Regulations, 1950, for inspection and certification of installed boilers and connected boiler components during use.
